CERTIFICATE OF TAX COMPLIANCE

As an initiative to ensure that companies in Brunei Darussalam are practising good corporate governance as well as maintaining up to date financial records, companies that intend to participate in the Government tenders are required to obtain a Certificate of Tax Compliance from the Revenue Division.

The certificate can be downloaded from the Ministry of Finance's Website under the 'Forms' tab as shown in the 'Revenue Division' page.

In order to obtain endorsement of the certificate, companies must have filed their Income Tax Returns for three (3) consecutive Years of Assessment as stipulated in the certificate. If the filing of Income Tax Returns is not complete, the certificate will not be issued.
